

HAI / FAA Safety Team presents:

Creating a Just Culture - How Do We Get There at HELI-EXPO 2013

One key to the successful implementation of a safety management system is to attain a “just culture” reporting environment within organizations. This effective safety culture depends on how organizations handle blame and punishment. A “just culture” is an atmosphere of trust in which people are encouraged to provide essential safety-related information - and where the line must be drawn between acceptable and unacceptable behavior.

Registration is not required for this course. HOWEVER, if you wish to receive FAA WINGS or AMT Program credit you MUST register in advance of the course on the FAASafety.gov web site.

This course is offered at the HAI Rotor Safety Challenge at HELI-EXPO 2013. Safety Challenge course are FREE to all HELI-EXPO 2013 attendees. Courses are offered in 4 different safety tracks: Flight Operations, Maintenance/Technical Issues, Safety Culture/Leadership and Safety Management.

Attend at least six Rotor Safety Challenge sessions at HELI-EXPO 2013 and receive a certificate of recognition for completing the 2013 HAI Rotor Safety Challenge.
